

Date	2 AKKURATOVA STREET, SAINT PETERSBURG   ALMAZOV NATIONAL MEDICAL RESEARCH CENTRE										
	Time	PAVLOV HALL	KOROTKOV HALL	BOTKIN HALL	LANG HALL	MUSEUM HALL	LIBRARY HALL	FILATOV HALL (PERINATAL CENTRE)	PETER'S ASSEMBLY	ONLINE	
<b>REGISTRATION (STARTS AT 8.30)</b>											
<b>MAY 14, 2024</b>	09:30–11:00	Brilinta satellite symposium / ACS patient 	Satellite symposium of KDL Company (clinical diagnostic laboratories) 	Symposium on basic issues in cardiology 	Symposium <i>Post-mastectomy syndrome – recent discoveries</i>	International symposium <i>Microbial and antimicrobial therapy: state of the art and prospects</i>  Simultaneous interpretation 	Almazov Youth Medical Forum – poster sessions <i>Cardiology: non-coronary diseases / Surgery</i>	Symposium <i>Forming the professional identity of a medical student</i> 	Poster session on pediatrics, neonatology and microbiology 	International seminar <i>Current approaches to understanding pathological calcification (Part 1)</i>  Simultaneous interpretation 	
	11:00–11:30	BREAK									
	11:30–13:30	Meeting of the RAS Council on Personalized Medicine (part 1) <i>Staff training for personalized medicine: experience and prospects</i> PAVLOV HALL									
	13:30–14:00	BREAK									
	14:00–15:30	Meeting of the RAS Council on Personalized Medicine (part 2) <i>New technologies in personalized medicine</i> PAVLOV HALL									
	15:30–15:45	BREAK									
	15:45–17:15	Meeting of the RAS Council on Personalized Medicine (part 3) <i>Basic research as a basis for personalized approaches in medicine</i> 	Satellite symposium (sponsored by Johnson & Johnson) <i>The burden of inflammatory bowel disease as a public health issue</i> 	Satellite symposium (sponsored by Roche) <i>Modern aspects of multidisciplinary approach in diagnosis and therapy of progressive Duchenne muscular dystrophy</i> 	International symposium <i>Molecular genetic markers and personalized approach to the diagnosis and treatment of neuroendocrine tumors of various sites</i>	Symposium <i>Using microorganisms to fight tumors</i>	Symposium <i>Trends in neuroscience and innovations in neurosurgery</i> 	International seminar <i>The latest technologies in the diagnosis and treatment of cervical diseases</i>  Simultaneous interpretation 	Poster session on basic research, cardiology, oncology and neurology 	Workshop <i>Endoscopic interventions in patients with advanced pancreaticobiliary cancer</i>	
	17:15–17:30	BREAK									
	17:30–19:00	Symposium <i>Laboratory diagnostics: big data analysis</i> 	GLP rules in drug development and registration 	Symposium <i>Heritability analysis of polygenic diseases in the context of national biobanks (part 1)</i> 	Symposium <i>Fundamental aspects of rehabilitation: from clinical questions to solutions</i>	Symposium <i>Changes in microbiota in various diseases and ways of correction</i>	Round table meeting <i>Basic research in neurosurgery</i> 	Symposium <i>Infectious perinatology</i>	Session on foreign universities' innovations in education and science 	International experience in medical and biomedical training	

# 2 AKKURATOVA STREET, SAINT PETERSBURG

# ALMAZOV NATIONAL MEDICAL RESEARCH CENTRE

MAY 15, 2024

REGISTRATION (STARTS AT 8.30)									
9:30–11:00	Panel discussion <i>Prospects of generative artificial intelligence in healthcare</i>  	Symposium <i>Preclinical trials in the Russian Federation: opportunities and prospects</i>  	International seminar <i>Methods for producing transgenic animals and using them in medicine (part 1)</i>  Simultaneous interpretation 	Almazov Youth Medical Forum: <i>All-Russian Competition in Neurology</i>	Satellite symposium <i>New opportunities in thrombosis prevention and cardiovascular disease treatment</i>  	Symposium <i>Prospective methods for treating myeloproliferative neoplasms</i>  	International symposium <i>The fetal and neonatal heart: implications for adult life</i>  	Symposium <i>Innovative technologies in the teaching of preclinical disciplines in medical universities</i>  	Satellite symposium <i>Forxiga for chronic heart failure</i>
11:00–11:30	BREAK								
11:30–13:30	PLENARY SESSION — OPENING CEREMONY OF THE 7TH SAINT PETERSBURG MEDICAL INNOVATION FORUM, ALMAZOV HALL, 21 KOLOMYAZHSKY AVENUE								
13:30–14:00	BREAK								
14:00–15:30	Symposium <i>Innovations and new development vectors for the export of medical services to improve health, longevity and quality of life (part 1)</i>  	Satellite symposium of GE Healthcare  	Symposium <i>Bioinformatics technologies for studying the heritability of polygenic diseases (part 2)</i>  	Almazov Youth Medical Forum: <i>All-Russian Competition in Neurology</i>	Round table meeting <i>Tools for attracting foreign youth to Russian science and education</i>  	Symposium <i>Endovascular aortic surgery: exploring advanced technologies and looking beyond</i>	Symposium <i>Preconceptional genomic technologies: application in practice and perspectives</i>	Round table meeting <i>Interactions between large clinics, universities and organizations in healthcare (part 1)</i>  	Symposium <i>Innovative approaches in metabolic and receptor imaging in oncology</i>
15:30–15:45	BREAK								
15:45–17:15	Workshop <i>Medical and health tourism: organizing culturally sensitive interactions (part 2)</i>  	Training session <i>Problems and challenges of modern arrhythmology</i>  	Symposium <i>COVID-19, long COVID and the autoimmune response: is there a link?</i>  	Almazov Youth Medical Forum: <i>All-Russian Competition in Neurology</i>	Training session <i>Innovative technologies: from idea to implementation</i>  	Round table meeting <i>Clinical application of innovative technology for the synthesis of nitric oxide from atmospheric air</i>  	Symposium <i>Modern technologies in the obstetrical practice</i>	Innovations in medical education  	International seminar <i>Current approaches to understanding pathological calcification (part 2)</i>  Simultaneous interpretation 
17:15–17:30	BREAK								
17:30–19:00	Symposium <i>Robotic surgery: new trends and approaches in the treatment of patients with various diseases</i>	Symposium <i>Progress of neuromodulation in cardiology</i>  	Symposium <i>Topical issues of cardio-oncology</i>  	Round table meeting <i>Vocational guidance of schoolchildren and pre-university training of medical students</i>  	Round table meeting <i>Intellectual property: technology transfer in the pharmaceutical and AI markets</i>  	Symposium <i>Topical issues of modern therapy of acute leukemia</i>	International seminar <i>Modern methods of fertility preservation for cancer patients</i>	Round table meeting <i>World outlook and methodological aspects of teaching humanities in medical university</i>  	Joint symposium of Almazov Centre and Kazakh Russian Medical University (KRMU)

Sessions marked will be live-streamed

Date	2 AKKURATOVA STREET, SAINT PETERSBURG   ALMAZOV NATIONAL MEDICAL RESEARCH CENTRE										
	Time	PAVLOV HALL	KOROTKOV HALL	BOTKIN HALL	LANG HALL	MUSEUM HALL	LIBRARY HALL	FILATOV HALL (PERINATAL CENTRE)	PETER'S ASSEMBLY	ONLINE	
MAY 16, 2024	REGISTRATION (STARTS AT 8.30)										
	9:30–11:00	Final stage of the research paper competition	6th All-Russian Competition in Cardiology	Symposium <i>Molecular cardiology</i>	International seminar <i>Methods for producing transgenic animals and using them in medicine (part 2)</i>	Symposium <i>Adipose tissue plasticity and cardiometabolic health</i>	Training session <i>CT and MRI of the heart and great vessels</i>	Symposium <i>Gynecology at the intersection of specialties</i>	Round table meeting <i>Interactions between large clinics, universities and organizations in healthcare</i> <i>Strategy session (part 2)</i>	Symposium <i>Integrative nano-technologies</i> <i>In personalized medicine</i>	Simultaneous interpretation 
	11:00–11:15	BREAK									
	11:15–12:45	Final stage of the research paper competition	6th All-Russian Competition in Cardiology	Symposium <i>Extracellular vesicles: big perspectives on small objects</i>	Symposium <i>Opportunities of Russian science and industry, current import substitution projects in cardiovascular and endovascular surgery</i>	Symposium <i>Autoimmune diseases: from theory to practice</i>	Training session <i>Fundamentals of CT and MRI safety in cardiac imaging</i>	Symposium <i>Intrauterine surgery</i>	Strategy session <i>Interactions between large clinics, universities and organizations in healthcare</i>	Symposium <i>Molecular chaperones in the diagnosis and therapy of socially significant diseases</i>	Simultaneous interpretation 
	12:45–13:30	BREAK									
	13:30–15:00	AWARDING CEREMONY FOR WINNERS OF COMPETITIONS AND POSTER SESSIONS   CONGRESS CENTRE, PAVLOV HALL									
	15:00–15:30	CLOSING CEREMONY									

Sessions marked  will be live-streamed
